CHAPTER #2: YOUR FOUR DISCUSSION QUESTIONS

For After You Listen To The Podcast Episode

- 1) When was the first time you remember being interested in a subject -- or becoming invested in doing something -- that your family didn't like, do, or maybe didn't even know about ?
- 2) Talk about the first time you remember undertaking a new task or activity that, after doing it, you were surprised by all that was involved or by how much effort and resources it took to do properly.
- 3) Have you ever undertaken doing something to fill the time, to please someone, or because everyone else was doing it --- and then discovered you really enjoyed doing it, and maybe have a special talent for it ?
- 4) What comment by one of the Artists in Chapter #2 did you most related to or want to talk about ?
